Enrollment Information

The Kumon Math and Reading Centre operates on a twelve month basis. We close for statutory holidays and for one week in December-January, but always assign work until the class re-opens. For best results, students should expect to remain in the program for at least several years and should include summer study in their plans. For those students on holiday, the program is portable and homework packages may easily be taken on vacation, with pre-arranging. Regular tuition rates apply.

In all instances, 30 (thirty) days' written notice of absence using the form provided from Kumon is required. If you need to give written notice, please ask for a copy of the notice of absence form. Absent students will be required to pay a re-registration fee if absent more than two months.

There will be a \$35 charge for all unsuccessful bank debits and NSF checks. All answer books and library books are the property of the Kumon Centre and must be promptly returned when no longer in use.

The monthly tuition includes the complete program of materials (with daily homework). Single subject students may attend class for either one weekly 20-30 minute class or two 20-30 minute sessions per week. Students studying both math and reading are encouraged to study twice a week for 45-60 minutes per session. Students may choose to attend class once a week if they wish. Tuition rate is the same per subject for all options.

Please bring pencil and eraser to each session, and all homework, completed, timed, marked and corrected
Parents are expected to return to the centre to pick up their children on time. The Kumon centre cannot provide child care for parents who are late returning. We cannot be responsible for making sure the child remains on the premises. Please call the centre if you are unavoidably detained.

A completed EFT authorization form, together with a void check must accompany this application (see reverse). The first month's tuition and registration fee are payable by separate check made out to Kumon of Saint Petersburg.
